## Profile

So a little bit about me, I have worked many jobs and have always been a reliable employee. Showing up every time I am scheduled I have a great work ethic, and able to work with little supervision, I am there to do a job so I am going to do that job. I enjoy working with power tools and even have a small shop area of my own, varying in different power tools and hand tools. Also take safety measures to ensure I don't hurt myself. Since I was a kid I have always enjoyed building stuff, rather that be with Lego, wood, small electronics, furniture, Whatever it may be.

## Work Experience

### Team lead

Boondocks Food and Fun - Kaysville, UT

March 2023

– Present
